

## HIRE/DEMO BOARDS – CURRENT MAY '15

**Model information available at our boards page**

**Hire rates below**

Photo	Board/Dimensions	Description
	<p><b>5'4" Stumpy</b></p> <p>Length: 5'4"</p> <p>Width: 21 3/4"</p> <p>Thickness: 2 7/8"</p>	<p>The Stumpy, is a short, stubby in the Mini Simmons style. Combining a pinched rail and 3 part bottom contour; front third hull, middle third flat and tail third exit concave/flattened planing tail.</p> <p>The stumpy turns with a low centre of gravity and through the middle of the board. This will surf superfast lines from knee to head high with ease and loves a long wall. For both shortboarders and longboarders alike.</p>
	<p><b>5'7" Coalminer</b></p> <p>Length: 5'7"</p> <p>Width: 21 5/8"</p> <p>Thickness: 2 5/8"</p>	<p>Shortened Shovel nose twin fin fish.</p> <p>Light Hull entry and low rocker.</p> <p>An agile and dynamic, Simmons-meets-fish feel underfoot.</p>
	<p><b>5'11 Sth Island Fish</b></p> <p>Length: 5'11"</p> <p>Width: 21 1/2"</p> <p>Thickness: 2 1/2"</p>	<p>Our flagship Keel Fin Fish – 70's plan shape with modern foil. This is a great blend of old and new. Low rocker entry to winged V tail, with a softly flattened deck and performance egg rails, the South Island Fish has been refined in the reeling points of Canterbury. Surprisingly loose for a keel fin, this board covers all bases of glide, drive, speed and power, with a healthy dose of style thrown in. Choose from Classic keel fin set up or a newer, progressive split-keel quad.</p>
	<p><b>6'0" Tubeshooter</b></p> <p>Length: 6'0"</p> <p>Width: 19 1/8"</p> <p>Thickness: 2 3/8"</p> <p>Volume: 28.5L</p>	<p>High performance meets user friendly, the Tubeshooter is the go to board for sucky summer shoreys and grovel sessions alike.</p> <p>It's relaxed rocker and full performance rails will project over dead sections, ready to line up the next barrel run, whilst it's single to double concave and full performance rails make the board lively.</p>

Photo	Board/Dimensions	Description
	<b>6'6" EPOXY Floater</b>  Length: 6'6"  Width: 20 5/8"  Thickness: 2 7/8"  Volume: 41L	Oversize shortboard model, designed for the larger, surefooted surfer or individual requiring a floatier feel under their feet.  A wider planshape and width, whilst retaining our snappy shortboard rocker and full rails.  Great as a go to, one board quiver.
	<b>9'0" Cheater</b>  Length: 9'0"  Width: 22"  Thickness: 3"	Our easy riding, no brainer, free flowing trad longboard! Shorter and lighter than our other log models. The Cheater is a flat rockered, robust, single fin noserider, that will snare every summer wave at your favourite break. Soft 50/50 rail and even tail kick give good swing off the tail, with considerably less weight than our other log models. Oversize nose area for hangin' up the front with ease. A great entry board for logging newbies, lighties and glide gluttens alike.
	<b>9'6" Jazz</b>  Length: 9'6"  Width: 23 1/4"  Thickness: 3 1/4"	The Jazz is a combo of all good things loggy! We've widened the pig shaped Connoisseur and given it a glide and style feel of a classic log.  The result? A smooth, classy board that loves a driving bottom turn, and a shaped in stall tail, to keep you on the nose for longer.  Make sweet music. Yeh!
